#WASH BASINS

Per un bagno con un tocco di stile, ti offriamo una variegata scelta di lavabi in ceramica, che non sono dei semplici lavandini ma dei veri e propri elementi di arredo. Il lavabo per eccellenza deve soddisfare molteplici esigenze tanto estetiche quanto tecniche e la sua scelta è sostanziale per garantire il giusto clima confortevole per il luogo sempre più amato e vissuto in una casa. Se, poi, preferisci c'è l'intramontabile lavabo a colonna o semicolonna: il primo solitamente si sposa egregiamente con ambienti classici o vintage, il secondo risulta più moderno e si abbina perfettamente ai sanitari fissati alla parete. Proprio come il lavabo sospeso, che ti agevolerà nelle operazioni di pulizia e ispezione tubi e ti consentirà di recuperare spazio prezioso.

For a bathroom with a touch of style, we offer you a varied choice of ceramic washbasins, which are not simple sinks but real furnishing elements. The washbasin par excellence must satisfy many aesthetic and technical needs and its choice is essential to ensure the right comfortable climate for the increasingly loved and lived-in place in a home. If, then, you prefer there is the timeless pedestal or half pedestal washbasin: the first usually goes very well with classic or vintage environments, the second is more modern and goes perfectly with the sanitary fixtures fixed to the wall. Just like the wall-hung washbasin, which will make it easier for you to clean and inspect the pipes and allow you to recover precious space.
